Dear Ms. Linner:

During our meeting of October 14, 1983 we explained the "due diligence" aspects of our permit application. Mr. Blake (Mineral Resource specialist, Division of Lands and Forestry) considers the application inadequate "due diligence" for maintaining the lease. Therefore, the lease will lapse and we will not need a mining permit. Since your group's time is too valuable for futile pursuits, please discontinue your review of Enercor's permit application.

If you have any questions or suggestions, please contact me at your convenience.

Very truly yours,

ENERCOR

Kraig Grubaugh
